Yours For Life

Bread

In this day and age where changes happen twice as fast
Sometimes I get wonderin' if anything will last
People changin' partners like they change their underwear
Maybe I'm old-fashioned but darlin' I still careAnd I'm yours for life, come and be my lifetime
Come and take the love I have for only one
Yes, I'm yours for life, come and share my lifetime
Share the world until our day is doneTime that I first saw your face, I loved you where you stood
In your eyes a kindness told me you were good
If the world could share your heart, there'd never be a war
Darlin' if I tried and tried, I could not love you moreAnd I'm yours for life, come and share my lifetime
Come and take the love I have for only one
Yes, I'm yours for life, come and share my lifetime
Share the world until our day is doneSometimes I pray that you will always be
The way you always are, are to me
'Cause if I lost you to the winds of change
Then I would cease to beAnd I'm yours for life, come and be my lifetime
Come and take the love I have for only one
Yes, I'm yours for life, come and share my lifetime
Share the world until our day is done
