

See the Light

Jericho Road

It doesn't matter where you are
or what you're doin'
you could be somebody's hope yeah
you really don't have to look that far
to see that you can take the light that lives within
that guide the way that leads to Him

Raise your voice to testify
that the world may see the light
and everyone can make a difference

Take your chance
hold the light
so they light the darkened sky
that the world may see the light

All around us everywhere
are people hurtin'
opportunity to love
(make the most of everyday)
make the most of everyday of every moment
that it is for up to share
to take the time to show you care

raise your voice to testify
that the world may see the light
and everyone can make a difference
(we can make a difference)

Take your chance
hold the light
so they light the darkened sky
that the world may see the light

All we pray that it always say i knew
everyone will see
you and only you
(you and only you)
take our lives and let Him be design

You can take the broken heart and bring it back to life
(ohhhh and bring it back to life)

Raise your voice and testify
(raise your voice and testify)
and know that
WE CAN MAKE A DIFFERENCE!!!

Raise your voice to testify
that the world may see the light
(see the light)
everyone can make a difference
(1. we can make a difference)* chorus
(2. we can make a difference yeeaahhh)* single

take your chance
hold the light
so they light the darkened sky
(you can light the darkened sky)
that the world may see the light

Raise your voice and testify
(everyday of your life)
(and the world may see the light)
we can make a difference

Take your chance
hold the light
so they light the darkened sky
that the world may see the light
