Rachel

Lil Chris

I had a dream about Rachel
The fillie from the S Club label
She has a stud in her navel
And she was willing and ableShe walked right of my TV screen
Into my life, into my dreamsShe's my Rachel
She's my angel
She's my RachelThen I told her I loved her
Like there wasn't any other
But guess what
She fell in love with my brotherShe walked right out of my TV screen
Into my life, into my dreamsShes my Rachel
Shes my angel
Shes my Rachel
