A Night Like This

Professional Murder Music

Say goodbye on a night like this

If it's the last thing we ever do

You never looked as lost as this

Sometimes it doesn't even look like youIt goes dark

It goes darker still, please stay

But I watch you like I'm made of stone

As you walk awayI'm coming to find you if it takes me all night

A witch hunt for another girl

For always and ever is always for you

Your trust the most gorgeously stupid thing I ever cut in the worldSay hello on a day like today

Say it everytime you move

The way that you look at me now

Makes me wish I was youIt goes deep

It goes deeper still, this touch

And the smile and the shake of your head

And the smile and the shake of your headI'm coming to find you if it takes me all night

Can't stand here like this anymore

For always and ever is always for you

I want it to be perfect like before

I want to change you

I want to changeI'm coming to find you if it takes me all night

Can't stand here like this anymore

For always and ever is always for you

I want it to be perfect like before

I want to change you

I want to change I want to change you

I want to change
