Favorite Year

Dixie Chicks

We were young and so inspired
We weren't the only ones who thought we'd change the world
No sun would set without us
No one we knew could ever doubt us
We had our future figured out
We knew a love like ours would always save the day
That we'd always be okay
But would you know me now?
Would you lay me down beside you?
Tell me everything I want to hear
Like that was your favorite year
Like that was your favorite year
You looked at me like no one else
But sometimes love just doesn't seem to conquer all
We search for someone else to blame
But sometimes things can't stay the same
But would you know me now?
Would you lay me down beside you?
Tell me everything I want to hear
Like that was your favorite year
Like that was your favorite year
Holdin' on to the memories
Of when we were younger, I can't forget
'Cause when we were together
That's when I was at my best
And would you know me now?
And would you lay me down beside you?
Tell me all the things I long to hear
Like that was your favorite year
Like that was your favorite year
'Cause that was my favorite year
