

Be the One

Cody Simpson

1, 2, 3, 4
Look around
You should be
Should be dancing
Dance with me
Bottom line,
We're wasting time
So imma say what's
On my mind.I just want you to know
That you're so so beautiful.Uh, uh, uh
Baby I just want to be with you uh uh
I don't care if nobody approves uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.Uh uh uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.Thought we were caught in the moment
The moment you know.
That you want me to own it, to own it
Lets go.And I need you to know
That you're so so beautiful.
Uh, uh, uh
Baby I just want to be with you uh uh
I don't care if nobody approves uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.Uh uh uh
Baby I just want to be with you uh uh
I don't care if nobody's approve uh uh
Tell me what I gotta do to prove tonight
I might be the one, girl.Don't over-think it
We don't have to leave yet
We're just having fun
What could go wrong
There aint no question about it
I'm saying it's you that I wantUh, uh, uh
Baby I just want to be with you uh uh
I don't care if nobody approves uh uh
Tell me what I gotta do to prove tonight

I might be the one, girl.Uh uh uh
Baby I just want to be with you uh uh
I don't care if nobody approves uh uh
Tell me what I gotta do to Love improves you prove tonight
I might be the one, girl.
