## **Lemon Parade**

## **Tonic**

I wish I'd seen you, as a little girl Without your armor, to fend off the world I would have kept you, underneath my wing And I would protect you, from everythingMake way for the lemon parade Make way for my girl Make way for the lemon parade Make way for my girlAnd did the boys all tease you, when they had the chance Always left standing, when it came time to dance Did you hide behind your books girl, did you find your secret friends Always I'll want you, always till the endMake way for the lemon parade Make way for my girl Make way for the lemon parade Make way for my girlMake way for the lemon parade Make way for my girl Make way for the lemon parade Make way for my girl, make way for my girl
