

# Someone New

Shannon McArthur

you are the one that  
gets me every time  
you are the one i cant  
get out my mind tonight yeahseconds are hours  
when we are apart  
show me the way to your heart  
these feelings i cant fightand i wonder do you miss me  
the way that i miss you  
cuz it dont feel right kissing someone new  
cuz its not youyou are the one that  
finds the man inside m  
you are the one that gives  
a battle i can fight yeahyou always deal with it  
when i get angry  
you put up with all my fits  
even when you know you're rightand i wonder do you miss me  
the way that i miss you  
cuz it dont feel right kissing someone new  
cuz its not youits not you  
no its not you  
its not youyou are the one that  
gets me every timeand i wonder do you miss me  
the way that i miss you  
cuz it dont feel right kissing someone new  
cuz its not you
