# Time And Time Again

## Bahamas

One, Two ThreeTime and time again my love I wonder where you are
Time and time again my love I've found you among the stars
Time and time again my love I felt from you so far
Time and time again my love seen your face in each passing carNow I admit I might let my mind wander
but it only gets as far as my heart
Cause if anything's gonna do us in now
It'll be "death do us part"Time and time again my love I left you feeling blue
Time and time again my love you looked around for someone new
Time and time again my love well I guess I look around too
Time and time again our love brings me right back around to youNow I admit I might let my mind wander
but it only gets as far as my heart
Cause if anything's gonna do us in now
It'll be "death do us part"Now I admit a few heavy days go by
and I can't remember when
We ever disagreed though I know
we'll disagree time and time again.
