

You Were Loved

Hayden

Analyzed, thought it over too much
Criticize myself way too much
I will utilize the energy I have left
To say goodbye to you and I will survive
To you and I will survive'Cause I've lost what I once found in you
Take your smoke, coughing, choking, there is
no hope
Take your records away, I hate folk
Pack your bags and don't forget your coat
It's cold outside, but you'll survive
It's cold outside, but you'll survive'Cause I've lost what I once found in you
