Dance Commander

Electric Six

You must obey the dance commander, givin' out the order for fun
You must obey the dance commander, you know that he's the only one
Who gives the orders here, alright, who gives the orders here, alright
It would be awesome if we could dance-a
It would be awesome, yeah, let's take the chance-a
It would be awesome, yeah, let's start the show
Because you never know, you never know, you never know until you go
Alright, alright, who gives the orders here, who gives the orders here
The lines are drawn, the orders are in
The dance commander's ready to sin
Radio message from HQ
Dance commander, we love you
Let's get this party started right, y'all
Let's get this party started right
I went to the store to get more fire to start the war
Everybody in this club is whack
I feel like I'm headed straight for a heart attack
Girls are pretty, girls are nice
Take your chances, roll the dice, ah
Take your chances

It would be awesome if we could dance-a
It would be awesome, yeah, let's take the chance-a
It would be awesome, yeah, let's start the show
Because you never know, you never know, you never know until you go
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, I wanna make it last forever
I wanna make it last forever, ooh, baby, alright, alright
You must obey the dance commander
You must obey the dance commander
You must obey the dance commander
You must obey the dance commander
Come on, come on, come on, come on, come on, come on
