

# Happiness

Orson

Do I really need a reason?  
Is it really such a big deal?  
It just seems like the right situation  
To say how I really feel I love the way that you look at me  
'Cause I can't stop looking at you  
Ooh, and the sweetest thing that you do for me baby  
Besides the little things that you do Well, if the world don't feel like turning  
And the sun just wants to hide  
All the stars come out to remind me  
With the universe by my side Because all that happens is happiness  
Happiness, when I'm with you  
All that happens is happiness  
Happiness We ain't got a whole lot of money  
How 'bout a five star happy meal  
Girl, any thing will do, it's just like a party  
There's nothing left of me for you to steal, that's right When the winter wind is blowing  
I feel you blowing kisses in my ear  
And when you think that you're just talking girl  
You know it's singing that I hear Because, all that happens is happiness  
Happiness, when I'm with you  
All that happens is happiness  
Happiness All that happens is happiness  
Happiness  
All that happens is happiness  
Happiness
