

Ascension Of A Divine Ordinance

Messiah

I see the crusade of mentally disturbed persons
All kinds of mutilated and distraught human beings
Drag alone to the shrouded legend realm They are suspended high over the burning earth
And leave their earthly existence for their new life You were redeemed of your worldly torments
Torments of isolation, injustice, lies
Maltreatment, abandonment, mutilation and genocide Choirs of redemption resound through the sky
Tombs complete the ascent of the deformed creatures The way is far
Their bodies soar Angels appear and escort them to their new life
Feelings of pleasure, relief and blissfulness With their white vestment they look so innocent
They embody the pure joie de vivre
Which they had missed in their past life The cherubs lead the crusade to the dark tunnel
At the end of the tube, there is a bright light This will be the end of their long trip
To the unknown fourth dimension
Nobody knows what's behind the light
And what they will do there They are suspended so easily together with the angels
I'm losing sight of the ones right at the front They suffered
Since the beginning
Now they've left the
Earthly existence The ascent brings
Eternal bliss
To everyone
On the crusade You're still asking yourself, will it be better, the new life?
Will you get the chance to live a normal life?
Were you living a bad life as a person, in your life before?
Your biggest dream was to see god, when you arrived at the
gates of heaven
Can you see him?
