Sunshine

Buckcherry

Playin' with me, baby
Will get you stung like a bee
You keep playing with me, baby
Until I'm deep in between
I know your never gonna agree
Love life roller coaster
You never let the sunshine
You better take it from me
And every time you sun shines
You make me week in the knees, oh, no
I know your never gonna agree
Love life roller coaster
Your momma's never gonna believe
Went to bed with a monster, oh, yeah
Leave a light on cry tomorrow
And I'll show up
Leave a light on cry tomorrow
And let your sunshine
I bet you had a hard life
It's time to set you free
Crying with your green eyes
I'm sorry, baby, please
Oh, I know your never gonna agree
Love life roller coaster
Your momma's never gonna believe
Went to bed with a monster, oh, yeah
Leave a light on cry tomorrow
And I'll show up
Leave a light on cry tomorrow
And I'll show up
Leave a light on cry tomorrow
And let your sunshine
Let that sun shine, baby, girl
Sugar, my sunshine
I want to make you scream
Oh, baby, you're so fine
You got to play with me
I know your never gonna agree
Your mama's never gonna believe

Your daddy thinks, I'm a freak
Yeah, yeah, yeah
Leave a light on, cry tomorrow
And I'll show up
Leave a light on, cry tomorrow
And I'll show up
Leave a light on, cry tomorrow
And I'll show up
Leave a light on, leave a light on
Baby, let the sun shine
Leave a light on, leave a light on
And baby, let the sun shine
