

I Wish for You

Jessica Andrews

Time goes by so fast and days they seem to dance
 Into the distance 'til they're gone
 If I had a map to lead you down life's path
I'd give it to you but I don't so go onCry hard, laugh loud, be humble, stand proud
 And don't be afraid of your fears
 Let love break your heart just be who you are
All of this, all that there is I wish for youYou can never know which way your world will turn
 How the stars are gonna fall
 Salty tears, they burn and there are lessons you will learn
But you'll be stronger for it all, yes you willCry hard, laugh loud, be humble, stand proud
 And don't be afraid of your fears
 Let love break your heart just be who you are
All of this, all that there is I wish for youWhen the rain falls, when the night gets dark
 Light brings a new day
 When the mountain's steep-when the water's deep
God will make a way...a wayCry hard, laugh loud, be humble, stand proud
 Hold on to your faith with all your heart
 Be careful, be brave, be still, but don't stay
 In any one place for too long
Remember God's grace give more than you take
 All of this, all that there is I wish for you
