Anything You Need But Me

Nanci Griffith

Let me say this one more time
Just in case you didn't hear it right
Put it in my own words
So I know it's understood
You sent me out on a limb
You brought me home sent me back again
Out on that limb one too many times
Should've known I'd learn to flyYou can have anything on earth you need
Anything that breathes, you can surely steal it's wings
You can have everything on earth you see
Anything on earth you need but me
You can have anything you need but me now
Anything on earth you need but meWell I'm shattered as the broken glass
Around the wreck out on the tracks
You had the very heart of me
In your hands with honesty
You rolled it up within your sleeve like a beacon
Then you left it out in the cold and the rain
I've picked it up and brought it home againYou can have anything on earth you need
Anything that breathes, you can surely steal it's wings
You can have everything on earth you see
Anything on earth you need but me
You can have anything you need but me now
Anything on earth you need but meWell it's time to move the lights are green
After all it's love we need
And if it doesn't dance, breathe
Then it doesn't grow it seems
My headlights catch you with my love upon your sleeve
You're standin' still in the middle of this road
It's time to pass you by and goYou can have anything on earth you need
Anything that breathes, you can surely steal it's wings
You can have everything on earth you see
Anything on earth you need but me
You can have anything you need but me now
Anything on earth you need but me
You can have anything you need but me now
Anything on earth you need but me
Anything on earth you need but me
