I'm Only Me When I'm With You

Taylor Swift

Friday night beneath the stars In a field behind your yard You and I are painting pictures in the skyAnd sometimes we don't say a thing Just listen to the crickets sing Everything I need is right here by my sideAnd I know everything about you I don't wanna live without youI'm only up when you're not down Don't wanna fly if you're still on the ground It's like no matter what I doWell, you drive me crazy half the time The other half I'm only trying To let you know that what I feel is true And I'm only me when I'm with youJust a small town boy and girl Living in the crazy world Trying to figure out what is and isn't trueAnd I don't try to hide my tears The secrets, or my deepest fears Through it all nobody gets me like you do And you know everything about me You say that you can't live without meI'm only up when you're not down Don't wanna fly if you're still on the ground It's like no matter what I doWell, you drive me crazy half the time The other half I'm only trying To let you know that what I feel is true And I'm only me when I'm with youWhen Im with anybody else Its so hard to be myself And only you can tellThat I'm only up when you're not down Don't wanna fly if you're still on the ground It's like no matter what I doWell, you drive me crazy half the time

To let you know that what I feel is trueAnd I'm only me
Who I wanna be
Well, I'm only me when I'm with you
With you, uh huh hu, yeah
