

Bluebird

[Nellie McKay](#)

Bluebird
Bring back my happiness
And see me through
This clouded hourBluebird
On wings of loveliness
Carry me to a field
In flowerThunder
Comes roaring up inside
I see a purple tide
And shadows weigh meBluebird
I wait with tenderness
So bring his love
To meBluebird
Bring back my loneliness
And see me through
This crowded hourBluebird
Where once was hopefulness
This heart has [Incomprehensible]
[Incomprehensible]Culture
Carries me in its swell
I see the faces well
Too well for a dreamBluebird
Bring back my happiness
Oh, bring his loving heart
To me
