

Reflecting Gaia

Bonsai Nation

Beautiful day
Don't find a reason to stay away
Stay

Beautiful day
Don't find a reason to stay away
Stay

Ever-patient skies
Looking down upon the world as the time goes by
Strange and courteous moon
These seasons we receive are a gift from you

Beautiful day
Don't find a reason to stay away
Stay

[laughter... "I'm serious, I'm not even joking around"]
