

Life Was

[Katelyn Tarver](#)

Life was so ordinary
Until you, you set my heart free.
And everywhere you whisper to me,
Just look around and you will see You're broken, unless you can bend.
It's easy, want to understand
That if you've given you will receive.
A little faith is all you need There is no love without love,
There is no love without love,
There is no love without love There is always a choice that you make
And sometimes you feel your heart break,
But if it's meant to be, you will be
Your answer, your destiny Life was so incomplete
Until you became part of me.
I won't let go, I won't slip away,
Tomorrow's a brand new day There is no love without love,
There is no love without love,
There is no love without love There is no love without love,
There is no love without love,
There is no love without love.
