

# Exciting (feat. Webbie) (amended album version)

## Lil Boosie

This Boosie Bad Azz and lemme tell you somethin',  
When I was 16 Or 17 my mama looked at me she say  
"Boosie, son, get on yo motherfuckin' shit nigga". Big money I like it.

Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting. I had to get my shit together mayne, I didn't like it.  
I had too many hoes, who triflin'.  
Dirty shell toes, and Nikes.  
I didn't like it, it wouldn't exciting.

Till I got money, I got icy and hoes got right, they got feisty.  
Turk to put me in the studio, I kept writing.  
Droppin' that gangsta shit, and its exciting.  
Purple after purple, mayne, we kept lightin'.  
Concert after concert mayne we kept fighting.  
We struck tha' world real quick, like lightning.

You pussy ass rap niggas, stop biting.  
I used to fuck wit lil' girls wit lil' minds who wouldn't grown yet,  
Before you wear a thong get yo pussy in check.  
Yo hygiene a motherfucker you 'sposed to stay smellin' right,  
Especially if you got a nigga wit money,  
That's wat he like. Big money I like it.

Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting. Big money I like it.  
Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting. And I'ma tell you like this.  
All my shows, be exciting.

Hoes grabbin' on my dick, wanna bite it.  
Didn't yo mama teach you betta?  
You triflin' Just chill, after tha' show, you can lick me like icing.  
Money make yo life betta so fuck what they say.  
Girls be wanna "G" up every time they look in yo face.  
She used to kiss me on my neck. (uh huh)  
Now she suck me till that pussy get wet. (uh huh)  
I remember way back when I used to fuck plats,  
When wore them daisy dukes and had that pussy sittin' fat.  
Now a nigga gettin' stacks, I do whatever I like.  
I hit em Asian, Black, or White. I have my pleasure wit dykes.

I'm first class on every flight. I'm a big dog nigga.  
At tha' super bowl on the front row. Where is ya'll niggas, look.  
I used to fuck wit hoes who like to cut  
Yo tires up. Now I'm breaded and they can't even get a nut. Big money I like it.  
Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting. Big money I like it.  
Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting. I been livin' like a timer, and I like it.  
Hittin niggas baby mamas and they wifeys.  
Rims all shiny, dressed nicely.  
Hoes wit tha' white tee, fresh white G-Nikes.  
White 2 seat, or I might be new SUV, doing 90.  
Lookin' for tha right weed, for tha right fee.  
Hit it once or twice my eyes tightening.  
I go faster, I swerve slightly to the left of the lane I came back right.  
Grab that clutch tightly 'cause it might be my night,  
You know we got niggas dying nightly.  
Tonight I'm wit a nice freak. She half white,  
She clean up, lick a nigga nuts 'cause she like me.  
Finding another me up in the streets is unlikely.  
Don't hit me on the phone later on 'cause I might be gone. Big money I like it.  
Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting. Big money I like it.  
Used to have hoes who triflin',  
Now I got pros, who dikin',  
And its exciting, its exciting.
