Chinese Democracy

Guns N' Roses

It don't really matter
Gonna find out for yourself
No, it don't really matter
You're gonna leave this thing to somebody elseIf they were missionaries
Real time visionaries
Sitting in a Chinese stew
To view my disinfatuationI know that I'm a classic case
Watch my disenchanted face
Blame it on a Falun Gong
They seen the end and it can't hold on, nowCause it would take a lot more hate than you
To end the fascination
Even with an iron fist
All that you got to rule the nation
But all I got is precious timeIt don't really matter
Yes I keep it to myself
Said it don't really matter
Each time I look around for somebody else'Cause it would take a lot more time than you
Have got for masturbation
Even with your iron fist
All that you got to rule the nation
But all I got is precious time
All that you got to rule the nation
But all I got is precious timeIt don't really matter
I guess you'll find out for yourself
No, it don't really matter
So you can hear it now from somebody elseYou think you got it all locked up inside
And if you beat them all up they'll die
It's like a walk in the park from a cell
And now you're keeping your own kind in hell
When your brain won't rot like yourself
Like if your ass were your head you can tell
And you're out of time
