A Shadow Memory

Neurosis

Rise over silence
Decry my own station
Seek refuge in forgotten songs
To carry me overWhen life has exhausted
The casting of shadows
The coiled serpent, the eye in the circle
To a light that is clearA distance felt
My head is full
The hole within me
Is my ever raging mind
To the madness and the fire
Of the salt made anew
Slit the throats of those who light the torches
Smother with their bloodMy heart is worn
I searched in my soul
The sky revealed
A shadow memoryI will bury the secrets
In the waning of the moon
Break my mind of the straight lined roads
Walk in the serpent form
I'm still within this time
My eyes were frozen years ago
Our passing days become the tomb
The angels left me empty
