## Echo Orbiter

This town is turned into an exposition fair  
200 pressmen head to the volunteer state  
John Scopes and his monkey were cross-examined  
Denied the story of divine creation of man

A rift in the culture gap  
So here we are  
The lost generation  
Because of this

The Spirit of St. Louis proceeds oversea  
We got the news promptly over radio waves  
Chaplin held onto his agnostic beliefs  
Political sympathies lay to the left
