Or get cornered, then get tortured, then get slaughtered
In that order[Chorus: Lil Wayne/Juliana]
I done warned you boys of the monster boy
I'm the monster boy
Feed me rappers or feed me beats
and now I'm gonna eat

and now I'm gonna eat
I'm gonna eat you alive, alive, alive
I'm gonna eat you alive, alive, alive
I'm gonna eat you alive
and now I'm gonna eat (eat you alive)
And now I'm gonna eat (alive)
I'm gonna eat you alive, alive, alive

Massacre music lose it, looses, loosen a noose round my neck I'm turning blue bitch
bout to go stupid that Holly grove zoo shit
Keep a set of grip plies for ear pair loose slips
I done said I was too sick, I said I'm too, too sick
Four sick, Five sick, Six sense Dead people
Just put ahead people Instant, Instinct
I don't care what color you is I burn your turn your skin pink
And if you can't stand me then knock me down
But I don't wanna hear that shit like shit Foxy Brown
Its Weezy F. People
And I don't talk shit like deaf people
New Orleans refugee like Wyclef people
My street eagle
And nigga watch your ego
Cause if you think you too fly then I shoot down that eagle
And then the monster see you
And the monster need food
And that monsters me too
So the monster eat you[Chorus: Juliana]
I done warned you boy of the monster boy
He's a monster
Feed him rappers or feed him beats
And now he's gonna eat
And now he's gonna eat
Yeah[Verse 3: Ludacris]
Tired of playing with y'all boys
Wayne you ready?
Luda, yeah
That's right I'll eat you alive Ludacris I'll eat you, eat you
till there ain't nothing left,
til the cops can't identify none of your facial features
letting out my rage unleash the beast
unlock your guest of honor
let me out the cage I'll eat these beats

I'm hip hops Jeffrey Dammar
Have yet to be defeated my spot is still reserved
till you sell diamond nigga (what) don't say a fucking word
my flows are animalistic just say I'm a seasoned Vet
I received my masters in rapping you just a teacher's pet
and I'm this seasons threat
yeah I'm fucking mother nature
flow so hard if you get up on the track I'll make your own mother hate you
act like she don't even know you, act like she don't even care
Ludacris turns rappers to ashes
roll 'em up and put 'em in the air
it's rap orientation and yes I'm glad to meet cha
I'll bring the pain aye Lil Wayne go get the anesthesia
for these non-contenders for these rhyme offenders
their time is not on my agenda bitch nigga[Chorus - Ludacris]
cause I done warned you boys I'm a monster boy
I'm a monster boy (that's right)
feed me rappers or feed me beats (feed me beats)
I'm a gonna eat, Ludacris I'm gonna eat (say what)
I'm gonna eat you alive (hey)
(eat you alive) Eat you alive
I'm 'bout to eat you alive
Ludacris I'll eat you alive (I eat 'em alive)
I've always ate 'em alive (I ate 'em alive) Woo
