

No Fear

Feloni

Chorus

(My dear, have no fear)

And my momma said

(My dear, have no fear)

Love will keep you fed

(My dear, have no fear)

But don't you be mislead

(My dear, have no fear)

Don't you talk about it

Be about it

F-ck them haters

Make 'em follow

Comin' up

I stayed locked in my room

Try'n to write about the sh-t that kept me confused

My momma never had a good man in life

For all you muthaf-ckaz want'n to know why I'm a dyke

All I saw was her shot and abused

Skin more colors than the rainbow's hues

At 7yrs

I could think real deep

Like how to put a crazy n-gga 6ft deep

While you stand'n there shocked and amuzed

Grab a pen, sucka

Let me give you the news

The whole world is a stage to me

And the price that you pay is who you chose to be

If I get a mill or don't get a dime

Like David Helfgot, b-tch

I'm still gone shine

And if GOD choose to put me through the fire

I hope he understand

I couldn't live as a liar

(My dear, have no fear)
