The Bells

Pedro the Lion

Advisory - the following lyrics contain explicit language:

Hunger drives me, it's got me by the reigns
I let it wreck me, time and time againI decided to never ride again
I don't know what happenedDad, I broke my promise to you
If your wondering where I've been
I thought I knew what I was doing
But I was wrong again
I understand, son, I understand, son
I understandThe fairer gender they always turn my head
From sheer embarrassment, I'm nearly deadDad, I broke my promise to you
If your wondering where I've been
I was wrong again
I understand, son, I understand, son
I understand
