Heavenly Day

Picture House

(Maitland/Glenister)
Good morning - it's raining
Everything you ever said - Yeah
But, this morning, the way it's falling
Nothing's landing on my head
There's a cloud - grey - the lining it's shedding
Can't touch my day - it's rice at a wedding
And you, me and everybody I know
Is waving us away
chorus
It's a heavenly day
There's a whole lot more on the way
It's a heavenly day
Angels with me today
If you could believe you'd see
What else could it be
It's a heavenly day
It's easy - believe me
To get outside you situation
I'm transfixed - all the red bricks
Circle round in celebration
There's a chalk smile drawn in the road
It could be mine - I'm taking it home
It's for you, me and everybody I know
I'm giving it away
It's a heavenly day
There's a whole lot more on the way
It's a heavenly day
Angels with me today
If you could believe you'd see
What else could it be
It's a heavenly day
