

# You Are All That I Am Not

## Band of Skulls

Come a lie to me  
Bring my life to me  
They could never know Your cry falls to my life  
Can you see into my life  
Sideways, the love from the sky  
The love I'd never turn down Though the rebels roam  
Where the bands come home  
Say you're leaving round With all your days in front  
Tell me why'd you run!  
Wasn't there to talk to me  
Is this love?
