

# Suck Your Bone

## Voivod

I'm not afraid when you talk  
I can't believe in your money  
I'm ready to deal today  
So we take you by force  
Suck, suck your bone Look with fear, I'm not alone  
We're gonna kidnap and haul  
You don't care for the group  
Fuck, fuck your soul  
I say go to hell one more time  
We're gonna rape your child Watch out here comes the troop  
You know what we want  
Why don't you believe on it Go shit! I'm not a fish  
We're gonna born your home
