dictator

Dan Smith

fall fall ...
It begins with pressure
all of a sudden there is pressure
there's so much pressure
its overwhelming
and there are voices
and they're ascending
all the voices assemble
and the preacher says
children sing along with all you have
children sing along with faith
children sing along with all you have
children sing along with faith
when I was a child my mother said to me look into my face
when I was a child my mother said to me don't you fall from grace.
don't you fall fall...Fall on your knees
oh hear hear hear the angels' voices
oh night divine
oh night that leads to morn,
that leads to morn,
when you were born
and the sun rises
and it's a baby, it's a real baby with repercussions...*beat boxing*I can't stop it crying
why won't it stop crying it for me x3oh you must cradle it in your arms
oh you must support it in your arms
oh you must cradle it in your arms
in your arms x6you don't know what it's going to be
or who it's going to be...
you don't know what it's gonna become
(Dictator, Dictator, Dictator)And it ends with pessimism,
fall fall fall...
