

# Just the Way You Are (2008 Pop Rework)

## Milky

Do do do do do do do do  
Do do do do do do do do  
And it goes  
Do do do do do do do do  
Do do do do do do do do  
And it goes The way you walk  
The way you understand me  
The way you move  
The way you just whisper me  
The way you touch  
The way you used to kiss me  
I want you just  
Just the way you are  
Do do do do do do do do  
Do do do do do do do do  
And it goes  
Do do do do do do do do  
Do do do do do do do do  
And it goes We're still the same  
Don't ever change  
I want you just the way you are every day now  
Say you stay  
Don't go away  
I love you just the way you are  
The way you are Do do do do do do do do  
Do do do do do do do do  
And it goes  
Do do do do do do do do  
Do do do do do do do do  
And it goes  
Do do do do do do do do  
Do do do do do do do do  
And it goes  
Do do do do do do do do  
Do do do do do do do do  
And it goes The way you talk  
The way you moving closer  
The way you kiss  
The way your deep inside me

Cause every time  
Every time I think about you  
I want you just  
Just the way you are  
Just the way you are  
Just the way you are...Do do do do do do do do  
Do do do do do do do do  
And it goes  
Do do do do do do do do  
Do do do do do do do do  
And it goesAnd it goes  
And it goes  
And it goes
