

Zelda

Roomie

I wanted to be something special
Do something great
I wanted to crush expectations
Now it's too late Yeah I'm frustrated, i know you are too
But it feels so good playing Zelda with you Make me forget myself feel alive
All our regrets we'll push them aside Yeah I'm frustrated, i know you are too
But it feels so good playing Zelda with you
I'll never do all that i wanted
Being success
Remember back when we responded
I was a Mess Yeah I'm frustrated, i know you are too
But it feels so good playing Zelda with you Make me forget myself feel alive
All our regrets we'll push them aside Yeah I'm frustrated, i know you are too
But it feels so good playing Zelda with you
Make me forget myself feel alive
All our regrets we'll push them aside Yeah I'm frustrated, i know you are too
But it feels so good playing Zelda with you
