

Tuning In to the Frequency of Your Soul

Apoptygma Berzerk

I'm trying to get thru to you
I'm tuning in to the frequency of your soul
Why won't you hear?
Why won't you feel?
I'm tuning in to the frequency of your soul It makes no sense, you won't connect
The more I push the more you reject
It makes no sense we won't connect
The More I push the more you reject I'm trying to get thru to you
I'm tuning in to the frequency of your soul
Why won't you hear?
Why won't you feel?
I'm tuning in to the frequency of your soul It makes no sense we won't connect
The More I push the more you reject...
