

# You Probably Couldn't See The Lights But You Were

## Arctic Monkeys

One look sends it coursing through the veins oh how the feeling races

Back up to their brains to form expressions on their stupid faces

They don't want to say hello

Like I want to say hello

Oh the heartbeats at its peak when you're coming up to speakAnd I'm so tense, never tenser

Could all go a bit Frank Spencer?

I'm talking gibberish, tip of the tongue but I can't deliver it

...Properly, oh it's all getting on top of me

And if it weren't this dark you'd see how red my face has goneEverybody's trying to crack the jokes and that to  
make you smile

Those that claim that they're not showing off are drowning in denial

They're not half as bad as me say anything and I'll agree

When it comes to acting up, I'm sure I could write the bookAnd now that you're more than a part in the play  
It's slightly easier to think what to say

You had us all, standing on our heads

Doing our best tricksNever again, never again, oh will there be another one quite as desirable as you.One look  
sends it coursing through the veins oh how the feeling races  
Back up to their brains to form expressions on there stupid faces
