Not Leaving Without You

Paris Hilton

I got my eye on you, boy, I got my eye on you, boy And when I get my eye on something it's like search and destroy

There's no runnin' away, not a game that I play

I wanna get to know ya, so come on We can dance, we can dance

We can dance, we can dance tonight

Come on just move your body

Come on just move your bodyWe can dance, we can dance

We can dance, we can dance tonight

'Cuz you're the one that I likeDon't ask me for my number

'Cuz my number's undercover

Don't tell me that you're going

I just got here and I'm hoping

I'm not leaving without you

I'm not leaving without youSo stop looking at the clock 'cuz baby time's on my side

Tick tock, tick tock, soon you'll be mine

I wanna know things about you

I'm not leaving without youWe can dance, we can dance

We can dance, we can dance tonight

Come on just move your body

Come on just move your bodySo whatcha got on your mind?

Whatcha got don't hide

I need to know that there is

Something more to you then those eyesI need someone who's sweet

Someone who wants me for me

And when I'm not around

He's not gonna cheatWe can dance, we can dance

We can dance, we can dance tonight

Come on just move your body

Come on just move your bodyWe can dance, we can dance

We can dance, we can dance tonight

'Cuz you're the one that I likeDon't ask me for my number

'Cuz my number's undercover

Don't tell me that you're going

I just got here and I'm hoping

I'm not leaving without you

I'm not leaving without youSo stop looking at the clock 'cuz baby time's on my side

Tick tock, tick tock, soon you'll be mine

I wanna know things about you

I'm not leaving without youWe can dance, we can dance

We can dance, we can dance tonight
Come on just move your body
Come on just move your bodyI wanna know whatcha dream about
I wanna know whatcha thinking nowI wanna know whatcha dream about
I wanna know whatcha thinking now
And when the lights go down and you come around
Let me see what it's all aboutI wanna know whatcha dream about
I wanna know whatcha thinking now
And when the lights go down and you come around
Let me see what it's all aboutI wanna know whatcha dream about
I wanna know whatcha thinking now

Let me see what it's all about ...

And when the lights go down and you come around
