

# Sunshine

Krissha

Lyricist 1/4 Yui Moog

Composer 1/4 Junya Maesako ƒ RUSH EYE ƒ Hitoshi Harukawa

Ra-pa-party time

In the sunlight

Ra-pa-party time

Ra-pa-party time

Burn it up

Ra-pa-party time

(Watch me 1/4 •)

I'm gettin' ready, ready

The sun is burnin' in the sky

This fever's runnin', runnin'

I gotta feel the heat against my skin

Heartbeat rising so high

I'm gonna set my soul on fire

I see you lookin', lookin'

Don't try to hide behind your shades

I know you want it, want it

I see the heat is getting to your head

We've got no time to waste

Take your chances

Don't let me get away

You know we're gonna have the time of our lives

Yeah we'll show the world, show them how we roll

Leave all your worries by the shoreline

Look to the sky

Feel the sunshine

We'll ride the waves and race for the stars

Summer lovin'

Shine bright

Don't you know, don't you know, it will never end

(Oh eh oh eh oh)

Live it

Feel it

Take a dive  
Move it  
Break it  
Work it out  
Imma show ya how it goes  
Let me hear you say

Boy I've been waitin', waitin'  
For you to step into my world  
Beats got me movin', movin'

I wanna feel the rhythm of your soul  
You've got one chance to try  
Take a risk and  
Don't be afraid to fight

You know we're gonna have the time of our lives  
Yeah we'll show the world, show them how we roll  
Let all your troubles leave you tonight  
Reach for the sky

Feel the sunshine  
We'll chase the tides and swim to the moon  
Summer lovin'  
Shine bright  
Don't you know, don't you know, it will never end  
(Oh eh oh eh oh)

With the golden sand beneath my feet  
Standing next to you I feel complete  
Together we can make this dream come alive  
Oh eh oh eh oh

Feel the sunshine  
We'll ride the waves and race for the stars  
Summer lovin'  
Shine bright  
(Oh eh oh eh oh)

Feel the sunshine  
We'll chase the tides and swim to the moon  
Summer lovin'  
Shine bright  
Don't you know, don't you know, it will never end  
(Oh eh oh eh oh)

Live it  
Feel it  
Take a dive  
Move it  
Break it  
Work it out  
Imma show ya how it goes  
Let me hear you say

Ra-pa-party time  
In the sunlight  
Ra-pa-party time
