The Taste

Skip the Use

i'm standing high on tiptoes looking over the rainbow
it's raining through my window, it hits me so painless
i know that i'm a picture, a picture drawn from sadness
i want to know what love is
i wanna know tha taste
let's have fun, the more you get the more you want
let's have fun, i gotta lust for love, i'll never get enough
like a shining light through darkness, it's coming into focus
like a new flavor to taste, you kiss me it's painless
i got a heart full of joy like it's never been before
love is a kind of Madness, making us fearless
let's have fun, the more you get the more you want
let's have fun, i gotta lust for love, i'll never get enough
let's have fun, the more you get the more you want
let's have fun, i gotta lust for love, i'll never get enough
one day you'll get here, no turning back, you know it's true
there's someone behind the rainbow and it's you, and it's you
though you feel alone, like a stranger on the road
there's someone behind the rainbow ... and it's you, and it's you
