

# The Music I Like (Metro Club Mix)

## Alexia

Your love is coming into my life  
It makes me feel good inside  
I need a moment of ecstasy  
A feeling higher then high This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like Your love is coming into my life  
It makes me feel good inside  
I need a moment of ecstasy  
A feeling higher then high  
I want to live with my fantasy  
Dancing into the light  
And I can play with my destiny  
It makes me feel satisfied This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like A fire is burning inside of me  
Feel the rhythm of life  
I need your loving to set me free  
I want you to stay by my side. This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like Your love is coming into my life  
It makes me feel good inside  
I need a moment of ecstasy  
A feeling higher then high This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like  
This is the music I like
