

Inventors and Inventions

Sue Dickson

Inventors and inventions
have changed the lives of all
inventors and inventions
lets celebrate it one and all

the Wright brothers, Orville and Wilbur
Invented a plane to fly
Edison invented the phonograph
But his light bulb rates most high

He also invented the projector
So movies we can see
Benz invented the automobile
Baird was the man who invented the TV
Inventors and inventions
Have changed the lives of all
Inventors and inventions
lets celebrate them one and all
