Advisory - the following lyrics contain explicit language:

I'm a motherfucking headliner
Bitch, you don't even know it, process it
I'm a motherfucking headliner
Bitch, you don't even know itWhy is it white girls don't ever have any ideas?
And they don't even know what's on my channel
But that is true for almost everyone, everyone but you
My goat, my crab, my scorpion
You're my icons 'cause you're different, you're differentI love wicked wisdom
Half turn my at two wet come free
Don't send me no more evil visions
They just stab my heartI'm just a black she-male
And I don't know what you people are all about
What you people are all about
I just know how to make it
Peanut butter, like thisOoh, just a look at her is god
Can't you see it, baby?
Can't you see it, baby?
Shan't you see it, baby?Ooh, just a look at her is god
Can't you see it, baby?
Can't you see it, baby?
Shan't you see it, baby?
SnakesWhen we get together
It's always hot magic
When we get together
When we get togetherWhen we get together
It's always hot magic
When we get together
It's always we are the
Champions, my friendsWhen we get together
(We're gonna hit)
When we get together
(What you work with)

It's always hot magic
(We're gonna hit)When we get together
(What you work with)
When we get together
(We're gonna hit)
When we get together
(What you work with)It's always hot magic
(We're gonna hit)
When we get together
(What you work with)
It's always we are the
Champions, my friends

When we get togetherYou've got such super wicked style
Show it to me, baby
Let me see it, baby

Show it to your babyYou've got such super wicked style
Show it to me, baby
Let me see it, baby

Show it to your babyWhen we get together
It's always hot magic
When we get together

When we get togetherWhen we get together
It's always hot magic
When we get together
It's always we are the
Champions, my friendsWhen we get together
(We're gonna hit)
When we get together
(What you work with)
It's always hot magic

(We're gonna hit)When we get together
(What you work with)
When we get together
(We're gonna hit)
When we get together
(What you work with)It's always hot magic
(We're gonna hit)
When we get together
(What you work with)
It's always we are the
Champions, my friends

When we get togetherAll I care to hear
All them standing gray insects
Inside the house machines
Knowing what's coming next

Something temporary reference
For the other sideAll I care to hear
Elitist's commentary
About some fated press limited edition
I hear the toy ball bouncing on
Jihad would do their elegant conceitAll I care to hear
You have such power to destroy
No time to process that now
So iconic in my mind
