## **Sunshine**

## **Flight Facilities**

I can see

By the dawn

Words have lost their meaning but we're carrying on

And I feel

You so strong

Any time with you is like i'm doing all wrong

And we are moving

Like we need it

Waves are crashing in and we can barely perceive it

Baby

When you move

You make me feel like I got something to prove

Take your time

I wana change your mind

I wana make you mine

I wana figure it out

Take you now

I want to show you how

I wana know what it means, what you're all about

Take your time

I wana change your mind

I wana make you mine

I wana figure it out

Take you now

I want to show you how

I wana know what it means to be on your side

Sunshines on my baby out on the floor

Sometimes love shines like never before

(sunshine)

Theres a word

For your kiss

Any definition is a faild attempt

And the way

Of your words

Haunt in my dreams to the point of absurd

And were moving

Like we need it

Waves are crashing in and we can barely perceive it

Baby

## When you move

You make me feel like I got something to prove

Sunshines on my baby out on the floor

Sometimes love shines like never before (never before)

Sunshines on my baby out on the floor (yea)

Sometimes love shines like never before (never before yea never be-never before)

(Instumental)

Sometimes I think there's never enough (never enough)

Every moment counts when you looking for love (looking for love)

The meaning of it all seems to fade away

When I see you in that perfect place

(sunshine)

Sunshines on my baby out on the floor

Sometimes love shines like never before

Sunchines on my baby out on the floor

Sometimes love shines like never before
