

Something About You

Altar Boyz

Matthew:

When I met you girl
I knew you were the one
Id be with all my life

And I knew that Id be making you my wife So I hope youll understand my love
When I sing you this refrain

I believe in God, and so I must abstain And I know that there is something about you, baby
Something I cant even say what it is
But theres something about you, baby

Girl, you make me want to wait When I hold youre body next to mine
It feels so good
And feels so right

And it also makes my Levis feel real tight All my friends they think Ive lost my mind (youve lost youre mind)
And they tell me Im a fool (fool)

But Im doing what I learned in Sunday school (Sunday school) And I know that there is something about you,
baby (something about you, baby)

Something I cant even say what it is (something I cant say)

But theres something about you, baby (something about you, baby)

Girl, you make me want to wait (ooh, ooh, ooh) I mean it from my heart (mean it from my heart)_
When I say I love you so (I love you, I love you)

So please believe when I just say no (just say no) Spoken: Girl, whenever we get this frisky,
I know its hard to put on the brakes, baby, I know.
But somethings making behave responsibly tonight.

Its your special blend of charisma and spunk.

Crunk, I guess youd call it.

But whatever it is, you got it all up in you girl.

You got crunk. And I think you understand my choice,
And I know you see its true.

When I tell you that this hurts me more than you. And I know that there is something about you, baby
(something about you, baby)

Something I cant even say what it is (something I cant say)

But theres something about you, baby (something about you, baby)

Girl, you make me want to wait (ooh, ooh, ooh) At least until our wedding date
So till then, Ill master
My own faith
