

Cupid

Lakefield

Cupid takes another heart down to the underground /
He calls your name and lines up the others /
He tosses you to the flame /

Does that make things change /
No, your heart stills feels the same /

Cue the music for December /
Hearts lost in the rain /
Snow falls as we go undercover /
We wonâ€™t be found â€™til the spring /

Does that make things change /
No, your heart still feels the same /

Oh have you heard /
Rumours of those star crossed lovers /
Oh have you seen /
Their faces in the magazines /

Cupid takes another heart down to the underground /
He holds you tight and tucks in the covers /
He kisses you goodnight
