The Bottom Line

Shannon McArthur

I don't think that I've ever felt for another girl this way
feeling that's impossible for me to say
but oh so easy to recognizelike the stories we told
one's of long time loyalty and growin' old
ooh my baby spoils me
I go crazy whenever I look into her eyesOh doctor tell me now
what's this burnin' feeling from within?
kinda crazy, been happening once again and again
rapid beating of the heart
it's been that way
since the first day that I held her in my armslate nights gazing at stars, they may a canopy
it's so amazing that I'm with her and she's with me now
these feelings won't reside
cuz she's here laying by my side
she's laying by my side
she's laying by my side
the moon and the stars
oh they are witnessing me falling for a girl
that just might change my worldOh doctor tell me now
what's this burnin' feeling from within?
kinda crazy, been happening once again and again
rapid beating of the heart
it's been that way
since the first day that I held her in my armsNo one said it would be easy
but that's the cost of being real
now I just need her to believe me
she needs to know just how I feel
like I am falling in love
oh it's a bottomless pit
and that's the bottom line
yeah that's the bottom line
