I Believe In the Company

Randy

Company got my freedom, it got my loyalty
The company was my first concern, took all that used to be me
Gave up my inspiration, too tired for that crap you see
I gave up my relation to my girl, my familyI believe
(Oh yes)
I believe
(Oh yes)
I believe
(Oh yes)
I believe in the companyCompany was my number 1, was my first priority
I'm not complaining for in return, I got monthly salary
Success is my security, their troubles I make mine
'Cause I been told prosperity means money in the pockets for meI believe
(Oh yes)
I believe
(Oh yes)
I believe
(Oh yes)
I believe in the companyI believe
(Oh yes)
Oh, I believe
(Oh yes)
Oh yes, I do believe
(Oh yes)
YeahCome Friday night and now I'm gonna consume
That's what I'm gonna do
Put the money in motion, spend without restriction
What I'm required to do, and I will adaptI will gladly keep myself deep in debt
I shove my earnings into a secret well kept
I was the one who kept the system running while they sleptI believe
(Oh yes)
I believe
(Oh yes)
I believe
(Oh yes)
I believe in the companyI believe
(Oh yes)
I believe
(Oh yes)

I believe
(Oh yes)
I believe in the company
