

The Legacy

Black Veil Brides

Racing faster
escape disaster
hard news and crime will lead them on.
We make our own way
no thoughts of yesterday.
Black hearts with growing battle scars (growing battle scars)
ohhhhhhh...
The Legacy
Born from a dream
long leather wings
Cross from the streets
with the hand of destiny.
We came from nothing
but promised one thing,
we'll change the world with these guitars.
So listen closely
and don't stop working, no one can tell you who you are (tell you who you are)
ohhhhhhh...
The Legacy
Born from a dream
long leather wings
Cross from the streets
with the hand of destiny.
The Legacy
born from a dream
long leather wings
rose from the streets with the hand of destiny.
(Ahhhh) Go!
Run (run) Run
Never look back!
Run (run) Run
Never look back!
Run, Run, Run,
Never look back!
(Ahhhhh)

The Legacy
born from a dream
long leather wings

rose from the streets with the hand of destiny.

The Legacy

born from a dream

long leather wings

rose from the streets with the hand of destiny.
