

773 Love (Cashmere Cat Edit)

Jeremih

Let me be your stimulation
I could be your occupation
Work you like a 9 to 5
Plus put in that over time
Careful with what you do to me
Cause everything I do to you
I hope that you'll do for me
And when the light's low
Pop a bottle of that goose please
Twist off a couple loose sleeves
(Seduce me)
Girl welcome to my bed
Come here
You thought it would be easy (sy-sy-sy)(Ow)
Sexy I should get to know
Been thinking lately girl we can get more physical
Won't you call 773, 779 love, oh
Those pantie drawers is all I need
Falling off of your body
Won't you call 773, 779 love, oh Better now than even later
Let me be your innovator
Feels alright when I'm right with you
They lyin' if you not the truth
Miss co-star, let's proceed
You got that fire, that third degree
Yo, this is how's supposed to be
And when the light's low
Pop bottle with a goose please
Twist off a couple loose sleeves
(Seduce me)
And welcome to my bed
Baby won't you come here
Thought it would be easy(Ow)
Sexy I should get to know
Been thinking lately girl we can get more physical
Won't you call 773, 779 love, oh
Those pantie drawers is all I need
Falling off of your body
Won't you call 773, 779 love, oh Okay girl I'm not him put it down, down

Okay girl I'm not him put it down, down
Okay girl I'm not him put it down, down
Cause I know in you's a little freak let it out, out(Ow)
Sexy I should get to know
Been thinking lately girl we can get more physical
Won't you call 773, 779 love, oh
Those pantie drawers is all I need
Falling off of your body
Won't you call 773, 779 love, oh
