

# The Right Time (Jean Tonique Remix)

## Tuxedo

Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe I got you on my mind (on my mind)  
Can't stop thinking 'bout you all the time (all the time)  
Na-na-na-na-na-na  
It happened all so fast, I want to make it last  
Na-na-na-na-na-na  
So if you want me too, then maybe say 'I do'  
I give it all to you Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe  
Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe No one has ever loved me, the way you  
do  
I'll never find another one like you  
Na-na-na-na-na-na  
Shadow me with your love, oh I can't get enough  
Na-na-na-na-na-na  
So if you want me too, then maybe say 'I do'  
I give it all to you Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe  
Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe Alright okey, I never felt this way  
Okey alright, let's get it on tonight  
Alright okey, I never felt this way  
Okey alright, let's get it on tonight Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe  
Shining like a light in the nighttime, loving everything that you got  
Thinking that tonight be the right time, to take this party to the next vibe
