

# Shoes (Mr Oizo Remix)

Tiga

I'd love to comb your hair  
Your hair is such a mess  
Just take off that dress  
I'd love to comb your hair I don't like my hair neat  
I don't like my hair neat  
I don't like my hair neat  
I don't like my hair neat Just take off your shoes  
Just take off your shoes  
You've nothing left to lose  
Just take off your shoes These shoes stay on my feet (on my feet)  
These shoes stay on my feet (on my feet)  
These shoes stay on my feet (on my feet)  
These shoes stay on my feet (on my feet) What's that sound  
I like that sound  
I love that sound  
It's the sound of my shoes  
It's the sound of my shoes I'd like to hold your hand  
Wearing my brand new gloves  
This must be real love  
I'd love to hold your hand Those gloves don't touch my skin  
Those gloves don't touch my skin  
Those gloves don't touch my skin  
Those gloves don't touch my skin I'd love to do your nails  
Before someone gets hurt  
Don't be such a flirt  
I'd love to do those nails These nails have served me well  
These nails have served me well  
These nails have served me well  
These nails have served me well What's that sound  
I like that sound  
I love that sound  
It's the sound of my shoes  
It's the sound of my shoes
